WebSciX 2026 Schedule

Proposed Two-Day Conference Programme

Day 1 - 26 Nov 2026— Opening, Workshops and Research Presentations

Time	Session	Details	Venue
9:00-9:30 AM	**Registration**		Amantran Ground Floor
9:30–9:40 AM	**Welcome Note**	General Chair + PC Chair (s)	Amantran
9:40–9:50 AM	**Inaugural Address**	Director, IIIT Bangalore	Amantran
9:50–10:25 AM	**Keynote Address 1 - Padmasri HR Nagendra**	Invited keynote speaker	Amantran
10:25–11:00 AM	**Keynote Address 2 - Manjunath**	Invited keynote speaker	Amantran
11:00–11:15 AM	**Tea Break**	Refreshments	Area in Front of Amantran
11:15 AM–12:45 PM	**Chittosha Workshop**	Workshop session (Introduction + Talks Prof. Anjan, Prof. Sridhar, Prof. Srinath + Discussion with audience)	Amantran
12:45–1:30 PM	**Lunch Break**	Lunch and networking	Grand stairs Area
1:30–3:30 PM	**Research Paper Presentations + Chittosha long-term planning (in Aamantran)**	Parallel tracks in separate classrooms; 10 papers in total(amap)	Research Papers in R101 and R105 Chittosha in Amantran
3:30–3:45 PM	**Tea / Transition Break**	Refreshments and room transition	
3:45–5:15 PM	**Research Paper Presentations**	Continue parallel paper tracks and discussion	R101 and R105
6:30-7:30 PM	**Steering Committee Dinner**	Dinner discussion with SC Members.	Dinner followed by discussion in R308

Day - 27 Nov 2026 – Keynotes, DPI Workshop, Research and Panel

Time	Session	Details	Venue
9:30–10:15 AM	**Keynote: Dame Wendy Hall**	Keynote address	Amantran
10:15–11:00 AM	**Keynote: Noshir Contractor**	Keynote address	Amantran
11:00–11:15 AM	**Tea Break**	Refreshments	Area in front of Amantran
11:15 AM–12:45 PM	**DPI Workshop**	*[tentative]* Invited talk (30 mins), DPI Thinking pitch inc. SRIP (10 mins) + Anumati Demo applications pitch (50mins)	Amantran
12:45–1:30 PM	**Lunch Break**	Lunch and networking	Grand Stairs Area
1:30–3:30 PM	**Research Paper Presentations**	Parallel tracks in separate classrooms; 10 papers in total	Research Paper talks at R105 and R203 In a separate venue(Amantran) -Anumati and Registered Apps Interactive discussion (optional, 60 mins)
3:30–3:45 PM	**Break**	Refreshments and transition	
3:45–4:30 PM	**Panel Discussion**	Panel session with invited participants	Amantran
4:30–4:50 PM	**High Tea**	Networking and refreshments	
4:50–5:15 PM	**Valedictory and Vote of Thanks**	Closing remarks	Amantran

- **1:30- 3:30 PM : Amantran is free and can be used by DPI workshop or Chittosha Workshop *IF* needed on both the days.**

Panel Discussion — 27th Nov 2026

Responsible AI: Metrology and Assurance (with a focus on the Global South)

As artificial intelligence (AI) starts to take an ubiquitous role in our lives, its responsible development and use has become a key topic of deliberation and debate. While most appreciate its central importance moving forwards and relevant legislations start to emerge, there is still a critical gap in benchmarking and standardization of AI. This panel delves into the notion that we need a more rigorous approach in AI evaluation and validation taking inspiration from measurement science (metrology) and performance guarantees (statistical assurance). Additionally, as AI enters into its multimodal era, in the long road towards general purpose AI, the panel will discuss particular challenges that may come up in the global south, how it relates to AI fairness and equity, and how one might ensure the same despite the AI arms race.

Proposed Panelists

Prof. Dame Wendy Hall, DBE, FRS, FREng — Regius Professor of Computer Science, University of Southampton; Director of the Web Science Institute.

Dr. Tapabrata Rohan Chakraborty — Lecturer (Assistant Professor) at University College London; leads the Transparent and Reliable AI Lab (TRAIL), shared with the Alan Turing Institute.

Dr. Arijit Patra — Senior Principal Scientist at UCB UK and Honorary Senior Lecturer at the University of Glasgow.

Dr. Kiranmayee Janardan — Lead Consultant in Responsible AI at Infosys.

Moderator: Dr. Jayati Deshmukh.

Research Paper Track Allocation

A total of 20 research papers are planned across the two days, with 10 papers scheduled each day. Each day will use two parallel tracks in separate classrooms, with five papers assigned to each track. The exact paper order and presentation durations can be finalized after confirming the accepted-paper list.

Day 1 — Suggested Parallel Tracks

Track A	Track B
Paper 1	Paper 6
Paper 2	Paper 7
Paper 3	Paper 8
Paper 4	Paper 9
Paper 5	Paper 10

Day 2 — Suggested Parallel Tracks

Track A	Track B
Paper 11	Paper 16
Paper 12	Paper 17
Paper 13	Paper 18
Paper 14	Paper 19
Paper 15	Paper 20
